The Missouri Chiropractor

The Missouri Chiropractor **2009 Advertising Packet**

The Missouri Chiropractor is the official journal of the Missouri State Chiropractors Association (MSCA) and is delivered **free of charge** to every registered Doctor of Chiropractic living in the state of Missouri on a bi-monthly basis. Our mailing list, which is updated weekly, includes approximately 2,000 doctors.

By advertising in *The Missouri Chiropractor*, a company gets blanket coverage of all practicing DCs in Missouri, as well as several other benefits.

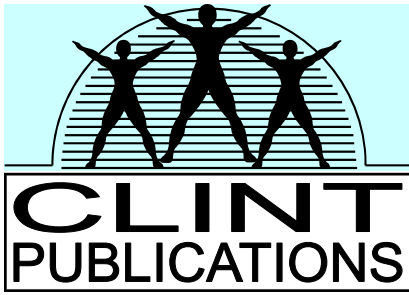

Organizations also get their name listed as a “friend of chiropractic” on the back of the journal that they place an advertisement in. Similarly, this is also done on the back page of the succeeding MSCA newsletter — “Chiropractic Update” — which is mailed bi-monthly to all MSCA members (alternating with *The Missouri Chiropractor*). This ensures your company name in front of Missouri doctors each month! You will also be recognized on the state association web page.

The Missouri Chiropractors Association encourages doctors to look to the listing on the back of our publications for supplies or services before shopping elsewhere. This assures them of continuing to receive the publications, free of charge, thanks to our advertisers.

The Missouri Chiropractor journal was awarded “most improved state journal” at the 2002 American Chiropractic Association annual convention.

Dr. Jack Kessinger, one of the owners of Clint Publications, is a well known and respected speaker on natural health care. At his lectures, Dr. Kessinger hands out supplier sheets, on which he includes companies that advertise in Clint Publications journals.
